### DETAILED ACTION

1. Applicant's arguments filed August 15, 2007, have been fully considered.
2. Claims 1 and 6-11 are pending and have been examined.

#### ***Allowable Subject Matter***

3. The following is an examiner's statement of reasons for allowance:
  - claims 1 and 6-11 are allowed;
  - regarding independent claims 1 and 9, the prior art of record neither alone nor in combination teach "asking a user, through a user interface, whether the user wants to install a new network or install said device on an existing network; and in case the user wants to install a new network: asking the user to enter a PIN code, said entered PIN code becoming the PIN code that is valid for the entire new network, whereby the PIN code is used to install a device on the new network; and the device becoming the central controller of the new network" in combination with the other limitations recited in independent claims 1 and 9;
  - claims 6-8 and 10-11 are allowed because of their dependence from independent claims 1 and 9, respectively.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
